

Cafe Mayfair

Cafe MAYfair is a compact coffee machine with a sleek, contemporary look that has been developed with attention to detail and the finest finishes. The separate hot water serving zone allows the consumer to prepare delicate teas and infusions, while its design complements any area of an office, hotel, leisure centre or convenience store with a consumption of up to 100 cups per day.

The Cafe Mayfair is built for high-volume coffee service without compromise. Combining expertly roasted beans with high-quality powdered milk, the Cafe Mayfair delivers a full menu of rich, café-style drinks at speed, perfect for hospitality venues, busy workplaces, and coffee-to-go counters.
