

Cafe Pod Lattensia

The Cafe Pod Lattensia is our fully automatic capsule machine. With its state of the art design and unique milk foaming technology, it is perfect for those who want the full barista experience. It is ideal for a small office who appreciate good coffee.

The milk container in a milk bottle design can be removed and placed in the dishwasher.

The unique display screen also allows you to save your favourites and store them on the menu's home screen for a smarter and easier way to make coffee.

- Capsule machine with fully automatic milk frother
- Twenty-three drinks at the touch of a button straight to the cup/glass (e.g. latte macchiato)
- Well-arranged display; program your own favourites
- Milk container in a milk bottle design (dishwasher-safe)
- Practical easy-clean function for the milk system
- Automatic Drop-Stop
- Removable water tank (approx. 2 l)
- Automatic capsule ejection
- Descaling reminder and descaling program
- Pump pressure up to 19 bar
